FOR IMMEDIATE RELEASE

### Harmonic Announces Third Quarter 2016 Results

**SAN JOSE, Calif.-November 9, 2016**-Harmonic Inc. (NASDAQ: HLIT), the worldwide leader in video delivery infrastructure, announced today its unaudited results for the third quarter of 2016.

GAAP net revenue for the third quarter of 2016 was \$101.4 million, compared with \$109.6 million for the second quarter of 2016 and \$83.3 million for the third quarter of 2015.

Non-GAAP net revenue for the third quarter of 2016 was \$101.7 million, compared with \$110.4 million for the second quarter of 2016 and \$83.3 million for the third quarter of 2015.

Bookings for the third quarter of 2016 were \$97.3 million, compared with \$117.3 million for the second quarter of 2016 and \$74.6 million for the third quarter of 2015.

GAAP net loss for the third quarter of 2016 was \$(16.0) million, or \$(0.21) per diluted share, compared with a GAAP net loss for the second quarter of 2016 of \$(20.7) million, or \$(0.27) per diluted share, and a GAAP net loss of \$(4.8) million, or \$(0.05) per diluted share, for the third quarter of 2015.

Non-GAAP net loss for the third quarter of 2016 was \$(1.1) million, or \$(0.01) per diluted share, compared with non-GAAP net loss for the second quarter of 2016 of \$(0.2) million, or \$0.00 per diluted share, and non-GAAP net loss of \$(0.2) million, or \$0.00 per diluted share, for the third quarter of 2015. See “Use of Non-GAAP Financial Measures” and “GAAP to Non-GAAP Reconciliations” below.

Total cash, cash equivalents and short-term investments were \$52.7 million at the end of the third quarter of 2016, down \$12.6 million from \$65.3 million at the end of the prior quarter, primarily due to timing of receipts from our customers and payments of restructuring and integration charges. In the third quarter of 2016, the Company used approximately 4.6 million of cash from operations.

“Our third quarter results reflect our ongoing business transformations, as Cable Edge segment revenue declined in advance of the pending release of our new CableOS products,” said Patrick Harshman, President and CEO of Harmonic. “Although our outlook for fourth quarter Cable Edge spending is therefore cautious, our recently executed warrant agreement with Comcast and our first CableOS revenue shipments bolster our confidence in our CableOS growth strategy. Turning to our Video segment, our transformational VOS™ offering drove a stronger-than-forecasted mix of software- and services-related orders, impacting third quarter revenue recognition while maintaining near-record backlog and deferred revenue. We are encouraged by the competitive momentum of our transformational initiatives, and remain focused on revenue growth, improving profitability and enhancing shareholder value.”

#### Third Quarter 2016 Highlights

- Soft legacy cable edge demand and a stronger mix of video software and services orders impacted revenue.
- Near record backlog and deferred revenue of \$181.1 million.
- Launched CableOS, the industry’s first software-based CMTS core.
- Executed Comcast warrant agreement validating our investment strategy in CableOS.
- Exceeding annualized cost savings targets from the combination of Harmonic and TVN. We now expect to realize annualized cost savings in a range of \$24-25 million by the end of calendar year 2016, up from our initial target of \$20-\$22 million.
- Several key trials underway on our recently announced VOS Cloud and VOS 360 software-as-a-service offerings with new cloud partners and tier 1 media and pay TV companies.

#### **Use of Non-GAAP Financial Measures**

In establishing operating budgets, managing its business performance, and setting internal measurement targets, we exclude a number of items required by GAAP. Management believes that these accounting charges and credits, most of which are non-cash or non-recurring in nature, are not useful in managing its operations and business. Historically, the Company has also publicly presented these supplemental non-GAAP measures in order to assist the investment community to see the Company “through the eyes of management,” and thereby enhance understanding of its operating performance. The non-GAAP measures presented here are: revenue, gross profit, operating expenses, income (loss) from operations, total non-operating income (expense), net and net income (loss), and net income (loss) per diluted share. The presentation of non-GAAP information is not intended to be considered in isolation or as a substitute for results prepared in accordance with GAAP, and is not necessarily comparable to non-GAAP results published by other companies. A reconciliation of the historical non-GAAP financial measures discussed in this press release to the most directly comparable historical GAAP financial measures is included with the financial statements provided with this press release. The types of non-GAAP adjustments described below have historically been excluded from our GAAP financial measures: acquisition accounting impacts to TVN deferred revenue and TVN inventory valuation; TVN acquisition- and integration-related costs; Cable Edge inventory charge in connection with certain product lines; restructuring and related charges; and non-cash items, such as impairment of long-term investment, stock-based compensation expense, amortization of intangibles and non-cash interest expenses related to convertible debt and adjustments that normalize the tax rate.
